LEAD SCHOLARS ACADEMY

2016-2017 YEAR IN REVIEW

UCF

WHO WE ARE

LEAD Scholars Academy is more than a leadership program—it is a diverse and inclusive community within the Division of Student Development and Enrollment Services. UCF and LEAD Scholars Academy both stand for opportunity. Students grasp this opportunity and turn it into reality by getting involved, learning about leadership and becoming change agents in our community.

The LEAD Scholars Academy is celebrating 21 years at UCF and has assisted thousands of students to excel in leadership development. We are excited to announce that in addition to the two year academic program offered for FTIC students, third- and fourth-year programs in various leadership topics are now available for incoming transfer students and other upperclassmen. It is my hope that ALL UCF students will have the ability to gain leadership development through our multiple engagement opportunities.

As the only academic and co-curricular leadership program in Florida, LEAD Scholars Academy offers many exciting opportunities in academics, leadership opportunities, student organizations, research, and campus life to our students. LEAD Scholars Academy is a springboard to leadership at UCF. Students are given the chance to take advantage of the workshops, events and opportunities that are provided to make a difference on campus and beyond. We would like to thank you for your continued support of LEAD Scholars Academy and our outstanding students.
